

ABOUT THIS SERVICE

SPACE PLANNING

Whether you have an unfinished basement that you need help configuring or you would like to upgrade your entire floor; space planning is the service for you!

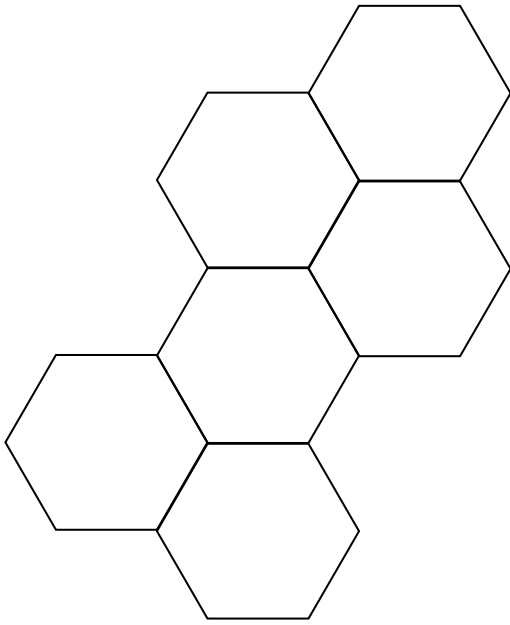

Out of all the skills in our toolbox, configuring spaces is our top area of expertise.

Space planning is a service that will provide you with multiple options of how to maximize every square inch

When configuring your space, we always take into account the various constraints such as structure, plumbing, electrical, budget and building code.
